3. Notices to Skippers

The current situation on the waterway of the Vistula River is as follows:

National Water Management Holding "Wody Polskie" Regional Water Management Board in Cra-cow, informs that the shipping route on the Vistula River at km 175+400 to 295+200 is open for navigation

National Water Management Holding "Wody Polskie" Regional Water Management Board in Cra-cow, informs that due to the ongoing repair works on the Kościuszko barrage, from 9 May 2022 until further notice, the following sluicing hours will be introduced on working days from Monday to Thursday between 7:00 a.m. and 6:00 p.m. and on Friday between 7:00 a.m. and 3:00 p.m.:

upstream: 8:00 a.m., 11:15 a.m., 2:00 p.m., 4:00 p.m., 6:00 p.m.

downstream: 9:00 a.m., 1:00 p.m., 3:30 p.m., 5:30 p.m.

National Water Management Holding "Wody Polskie" Regional Water Management Board in Cra-cow, informs that: the navigable route on the Vistula River on June 04, 2022 from 20:00 – 23:30 will be closed on the section from km 76 + 450 to km 77 + 190. Details in notice to skippers No. 4/2022. Due to ongoing repairs of the sluice gate on the Kosciuszko water barrage, from 02 March 2022 to 30 November 2022, may occur navigation difficulties. Details in notice to skippers No. 3/2022. Because of disappearance of ice phenomena, from January 3, 2022, the locks at the Dwory, Smolice, łączany (Borek Szlachecki), Kościuszko, Dąbie and Przewóz barrages, will be open for navigation. Details in notice to skippers No. 1/2022. At the same time, we would like to inform you, that the navigation message No.36/2021 is no longer valid.

The shipping route on the section from km 0 + 600 to km 92 + 600 of the Vistula River, is open to navigation with the limitation of its parameters indicated in the annexes: [difficulties 1](#), [difficulties 2](#), [difficulties 3](#).

From km 92 + 600 to km 175 + 400 Vistula River - this section is open to shipping. The required transit depth of 1.6 m is not maintained locally. Details can be found in the annex: [difficulties 4](#).

From km 175 + 400 to km 295 + 200 Vistula River - this section is open to shipping. The required transit depth of 1.6 m is not maintained locally. Details can be found in the annex: [difficulties 5](#).

* Note: the class IV waterway under construction (damming at the Dwory and Smolice steps is 1.0 m lower than the target).
