Borek Szlachecki Lock (15+500 Łączany Skawina Canal) to Kościuszkowski Water Step km 66+400 Vistula River	III	open	05.05.2021	242	180	204	142
Kościuszkowski Water Step km 66+400 Vistula River to Przewóz Lock km 92+600 Vistula River	III	open	05.05.2021	177	120	152	95
Przewóz Lock km 92+600 Vistula River to Mouth of the Raba River km 134+600 Vistula River	IIb	open	09.09.2021	166	90	152	76
Mouth of the Raba River km 134+600 Vistula River to Mouth of the Dunajec River km 160+600 Vistula Riv.	IIb	open	09.09.2021	256	140	228	112
Mouth of the Dunajec River km 160+600 Vistula Riv to Mouth of the Nida River km 175+400 Vistula River	IIb	open	10.09.2021	249	180	224	239

Mouth of the Nida River km 175+400 Vistula River to Mouth of the Czarna Staszowska 222+300 Vistula Riv	lb	close	03.11.2021	138	20	187	69
Mouth of the Czarna Staszowska 222+300 Vistula Riv to Mouth of the Koprzywianka km 267+300 Vistula Riv	lb	close	03.11.2021	158	70	202	114
Mouth of the Koprzywianka km 267+300 Vistula Riv to Mouth of the San River km 279+500 Vistula River	lb	close	03.11.2021	122	70	197	145
Mouth of the San River km 279+500 Vistula River to km 295+200 Vistula River	lb	close	03.11.2021	224	70	319	165

\* Note: the class IV waterway under construction (damming at the Dwory and Smolice steps is 1.0 m lower than the target).

### Lock status

Name	Km	Status	Open time
Dwory	2+833 canal Dwory	open	From dawn to dusk
Smolice	1+020 canal Smolice	open	From dawn to dusk
Borek Szlachecki	15+550 canal łączący	open	From dawn to dusk
Kościuszko	66+400 Wistula river	open	From dawn to dusk
Dąbie	80+875 Wistula river	open	From dawn to dusk
Przewóz	92+600 Wistula river	open	From dawn to dusk

## 2. Notices to Skippers

The current situation on the waterway of the Vistula River is as follows:

National Water Management Holding "Wody Polskie" Regional Water Management Board in Cracow, informs that: because of disappearance of ice phenomena, from January 3, 2022, the locks at the Dwory, Smolice, łączący (Borek Szlachecki), Kościuszko, Dąbie and Przewóz barrages, will be open for navigation. At the same time, we would like to inform you, that the navigation message No.36/2021 is no longer valid..

The shipping route on the section from km 0 + 600 to km 92 + 600 of the Vistula River, is open to navigation with the limitation of its parameters indicated in the annexes: [difficulties 1](#), [difficulties 2](#), [difficulties 3](#).

From km 92 + 600 to km 175 + 400 Vistula River - this section is open to shipping. The required transit depth of 1.6 m is not maintained locally. Details can be found in the annex: [difficulties 4](#).

From km 175 + 400 to km 295 + 200 Vistula River - this section is open to shipping. The required transit depth of 1.6 m is not maintained locally. Details can be found in the annex: [difficulties 5](#).
